

MS Clinics in Australia

MS Clinics exist across Australia to provide expertise in the diagnosis and management of multiple sclerosis and many have a range of neurological services available.

Some are large, tertiary referral, multidisciplinary, bulk-billing clinics, others are smaller, private clinics.

Most clinics require a referral from your GP.

The list below may help you to find the clinic nearest you.

(Where possible we have provided the MS Clinic's web-site details which often contain further details of the services available, how to make appointments and obtain referrals.)

Tasmania

Tasmanian Health Service - South - Outpatient Clinic - Multiple Sclerosis

Status: Public
 Address: Statton Building, Repatriation Centre
 90 Davey Street, Hobart Tas 7000
