

Workplace Giving with MS Australia

What is Workplace Giving?

Workplace Giving allows you to make a regular donation to MS Australia directly from your gross salary, immediately reducing the amount of income tax deducted from your salary, with no need to keep any receipts. It's quick to set up and you can alter or cancel your donation at any time.

This form of giving is the most effective way to contribute and accelerate research into the cause, treatments, prevention and ultimately a cure for MS. Not only does it decrease the tax you pay, but more of each dollar goes to MS research than other forms of fundraising.

How it works

Thank you
for helping to
find a cure
