

MS Clinics in Australia

MS Clinics exist across Australia to provide expertise in the diagnosis and management of multiple sclerosis and many have a range of neurological services available. Some are called MS Clinics whilst others are neurology or neuroimmunology clinics. All listed will have specialist experience with multiple sclerosis.

Some are large, tertiary referral, multidisciplinary, bulk-billing clinics, others are smaller, private or visiting specialist clinics.

Most clinics require a referral from your GP.

The list below may help you to find the clinic nearest you, which you can then share with our GP to make a referral.

(Where possible we have provided the MS Clinic's web-site details which often contain further details of the services available, how to make appointments and obtain referrals.)

Tasmania

Tasmanian Health Service - South - Outpatients - Multiple Sclerosis Clinic

Status: Public
 Address: Statton Building, Repatriation Centre
 90 Davey Street, Hobart Tas 7000
