

MS Australia Sample of Peer Review Template

How this form will be used:

- MS Australia's Research Management Council (RMC) will use peer reviewer comments and scores to assist in the selection of applications to be funded.
- Peer reviewer comments, **both positive and less positive**, provide very useful feedback to the applicant.
- This Peer Review Report will be sent back the applicant to provide rebuttal comments which will also be taken into consideration by the RMC.

Please see below for the scoring guide.

Please follow directions contained within the individual scoring cell.

1= Poor	4= Good (top 30% internationally)	6= Excellent (10% internationally)
2= Marginal	5= Very good (25% internationally)	7= Outstanding (5% internationally)
3= Fair		

Peer reviewer comments on each question below

1	RELEVANCE of the project to multiple sclerosis?
2	SIGNIFICANCE, VALUE and NOVELTY of the hypothesis?
3	Evidence of preliminary data?
4	Likelihood of completion of the project within the given time?
5	Comment on the recent research track record and productivity of the applicant(s) and/or team?
6	In its current form do you feel that this application is fundable?
6a	If this application is not fundable, are there ways that the research could be improved?
6b	Even if you think this application is fundable, are there ways that the research could be improved?
7	Please provide an overall score for the application.
